NOTES AND REMINDERS:

1. Jane Hendricks, EPD Permitting, Compliance, & Enforcement Manager, did an informational presentation on PC&E responsibilities. She gave an overview of the Permitting process and then talked about several EPA regulations that they are working on including Pretreatment Streamlining and CAFO. After her presentation she fielded many questions from the committee on nutrient limits, indirect potable reuse, E. Coli monitoring, and Spills.
2. Keith Higgs will follow up with GAWP (Jack Dozier) to find out the status of proposed Spill language changes.
3. Discussed the need to fill three sessions for upcoming Spring Conference in Macon. Preliminary program is as follows:
 - a. WW Treatment Process Troubleshooting (Jim Poff & Susan Lee)
 - b. OH NO – It’s Raining Again (Stuart Humphries)
 - i. Overall Plant Effects – Greg Goodman
 - ii. Wet Weather Clarifier Issues – Ron Latimer
 - iii. SBR Wet Weather Strategies – Tony Pettis
 - c. Wastewater Disinfection (Dave Williams)
 - i. Chlorine Disinfection for Small & Medium Facilities (Allen Walker)
 - ii. Operating & Maintaining UV Systems (TBD)
 - iii. Ozone Disinfection (TBD)

4. Steven Culp volunteered to be our GAWP Membership Committee liaison.
5. Stuart asked for an update on the GAWP Plant of the Year Awards competition.

NEXT MEETING: March 10, 2009 at 10:30 am in the Gwinnett Environmental & Heritage Center.
